

CONTROLTM

Carpet Adhesive Remover

Item 19235:
5 Gallon Pail & 55
Gallon Drum

PRODUCT DESCRIPTION:

Control Carpet Adhesive Remover is a water based formulation designed for the safe, effective and environmentally responsible removal of most all latex and acrylic carpet adhesives. This solution is a biodegradable, non-flammable and zero VOC content alternative to hydrocarbon based mastic remover solvents. Control Carpet Adhesive Remover is ideally suited for carpet removal projects where odor could be an issue or where the environmental impact of the solvents used is important.

USE INSTRUCTIONS:

Apply product over exposed adhesive by either manually pouring or by using a low pressure garden sprayer. Spread product over the work area entirely saturating the adhesive. Allow the solution to soak in for approximately 30 minutes to one hour. Agitate the product covering the adhesive with a stiff bristled push broom gently working the product into the surface. Once the adhesive has been softened, remove the adhesive with a floor scraper, squeegee or push broom.

Stubborn areas may require a repeat application. For clean up, rinse thoroughly with water.

Caution:

- Do not use in confined spaces.
- Clean-up: Use water with detergent.
- In case of spill: Recover any free liquid, use solid absorbents to recover remaining liquid and ventilate the space.
- Avoid skin and eye contact. Avoid breathing mist. Approved eye, hand and respiratory protection recommended.
- Adhere to OSHA and EPA regulations when using this product.
- Refer to information on material safety data sheet.
- HRF rating is 2,0,0.
- Complies with California Code of Regulations, title 17, sections 94507-94517.

Product Data:

Type:	Ethanolamine Blend
Color:	Clear
Odor:	Mild Ammonia-like
Kauri-Butanol Value:	8
Evaporation Rate:	<1 (air=1)
Vapor Density:	0.704
Boiling Point:	214°F - 455°F
Flash Point:	N/A
Specific Gravity:	0.999
Shelf Life:	1 year
HMS:	2-0-0
Coverage:	up to 50 sq. ft./gallon
Clean-up:	Water & Detergent
